CHAIRMAN MESSAGE

My Message to The People Especially The Youth of Pakistan.
Challenges Give Birth To Revolution and The More You Are Oppressed
The More You Will Flourish.

Pakistan faces its worst of times and everyone is hopeless about the future of our country. I want to assure you all that I have a plan to rescue Pakistan not only rescue but 'Transformation of Pakistan by 2050' InshaAllah

How is this possible ?

Women Empowerment

Women are the base of every transformation the world has seen, from Hazrat Khadija till now.

Youth Employment

Youth will decide where they want to see Pakistan, as a superpower or suppressed by Power.

Political Awareness

A country with Political Awareness questions the injustices done to people around them not waiting until its done to them.

Social Responsibility

The world is beyond our noses, people are dying to get the lifestyle we take for granted.

Climate Change

Pakistan falls in top 10 countries effected by climate change. We can have Plan B but we don't have Planet B.

Lets Revamp Pakistan then the World!

ABOUT

FOUNDATION

Hammad Foundation was established on 29th December 2015 with the main aim to rule out poverty from Pakistan but sooner we realized poverty was not the prime issue before Pakistan's prosperity. Instead we as a nation lack the qualities of consciousness.

Revolutionary transformation requires a soft image and character building of the whole nation which can't be enrolled in a generation in few days and takes decades. This led Hammad Foundation to rethink our strategy and manifesto which was then changed to 'Transforming Pakistan By 2050'.

Our Projects

Roti Banks
Water Plants
Water Dam
Women Rozgar Center
Heroics School

Rozgar Project
Medical Complex
Quetta Skill Center
Karachi Skill Center
Law Firm

VISION & MISSION

Transforming Pakistan By 2050

It seems difficult but not impossible. Everyone pin points the issues Pakistan has but no one talks about the solution. Hammad Foundation 9 years of service is the prime example of how you can stay positive and act accordingly in a difficult situation. Thus creating strong nations in challenging times.

From Poverty To Prosperity

Hammad Foundation throughout its 9 years have brought many people's life back on track. A few stories include an unemployed person barely has food to eat is a successful entrepreneur now after enrolling in our Rozgar Project. We believe a giving hand is better than a receiving one.

CURRENT

ROTI BANKS

Roti Banks are providing only 10 rs Roti in Karachi to white collar people. The Market price of the same Roti is 25 rs. Per family saves about 12-15 thousand rupees per month from our Roti Bank. Saved money could be used on their children's education, parent's medicines and utility bills. Roti Bank monthly Capacity 100,000+ Roti

WATER PLANTS

Hammad Foundation has installed 15 Water Plants in Pakistan including Tharparkar Sindh and remote villages of Balochistan. Before people including pregnant women, elderly men and children use to travel 8-10 km to fetch water irrespective of climate, national holiday, scorching heat etc. 7000+ people are daily facilitated through clean sweet water.

PROJECTS

WATER DAM

Pakistan is facing serious water crisis and soon we may run out of water. Following this development Hammad Foundation made a Dam in Jatta Ismail Khel Karak KPK with a storage capacity of 94 Lac Gallons which is equals to 50 Crore Liters of Water. Thus, resolving water issue of 25-30 thousand people living near by for 2 years. Dam also has a tunnel in case water exceeds the storage. Excessive water will be directed towards farms of local people.

WOMEN ROZGAR CENTER

Free English Language, Sewing, Crochet & Content Creation Course for white collar women. It's impossible for a white-collar housewife to survive within her husband's salary due to hyperinflation. Women Rozgar Center empowers women to be financially independent after completing their **FREE COURSES** and earn extra income to combat the growing prices in the economy.

CURRENT

HEROICS SCHOOL

Heroics School is one of the most impactful projects HF did in 9 years. This school provides Free quality education to underprivileged Madarsa students of Khuzdar Balochistan who never went school in their life nor they had any school in their area. Students are mostly orphan and lost their loved ones in terrorist attacks. Heroics School aim is to produce heroes for 'Transforming Pakistan by 2050'

MEDICAL COMPLEX

Free Ultrasound Facility & Free Eye checkup + opticals facility. Also Hammad Foundation Medical Complex provides medical assistance to white collar people in just 50 rs for OPD and medicines instead of 1000-1500 for their general checkup and treatment. Charging 50 rs concept is just to promote buying culture instead of begging in Pakistan.

PROJECTS

QUETTA SKILL CENTER

State of the art Quetta Skill Center where free English Language and other IT Computer courses are offered to white collar students of Quetta Balochistan who never had this opportunity before. 5000+ students yearly capacity.

KARACHI SKILL CENTER

The wait and thirst of Thousands of students and individuals who were keen to learn different skills but can't afford have come to an end as Hammad foundation Introduces "Karachi skill center" where most in demand courses are provided and highly skilled faculties are on a mission to transform Pakistan.

LAW FIRM

Hammad Foundation Law Firm provides free law consultation and top notch lawyers facility to vulnerable people to get their deserved rights through legal channel(courts). People aren't aware of their basic legal rights and are suppressed by Mafias but HF Law Firm fight free cases for these white collar people. Also we raise our voice against any injustice done to people through public interest law petitions.

ROZGAR PROJECT

Its better to teach a man how to catch a fish rather than feeding him one. Till now 70+ people have been provided with different Rozgar setups to earn more than par income according to their experience and skills. They aren't 70 people these are 70 white collar families who are out of poverty and acting as a giving hand now which matches our mission statement 'From Poverty To Prosperity' .

EXTRA

PROJECTS

RAMZAN CAMP

Ramzan Camp is one of our most integral part of our journey as thousands of white collar people are provided subsidy on Fruit, Vegetables, Chicken & Grocery. Along with Eid packages for underprivileged people of Pakistan

PALESTINE AID

Hammad foundation also worked in Gaza Palestine in 2020 & 2023 respectively after war broke out. We provided aid to war victims in the form of Food, Medicine, Clothes, Blankets and Money Cash etc.

EARTHQUAKE AID

Earthquake in Syria was also an integral part of our work portfolio where we set up live kitchen to provide food to earthquake victims on daily basis and also aid in Afghanistan after a horrifying earthquake hit the region.
