CHAIRMAN MESSAGE

My message to the people, especially the youth of Pakistan

Challenges give birth to revolution, and the more you are oppressed, the more you will flourish.

Pakistan faces its worst of times, and everyone is hopeless about the future of our country. I want to assure you that I have a plan to rescue Pakistan, not only to rescue but to achieve the 'Transformation of Pakistan by 2050' InshaAllah.

HOW IS THIS POSSIBLE?

Women Empowerment

Women are the base of every transformation the world has seen, from Hazrat Khadija till now.

Youth Empowerment

Youth will decide where they want to see Pakistan, as a superpower or suppressed by Power.

Political Awareness

A country with Political Awareness questions the injustices done to people around them not waiting until it's done to them.

Social Responsibility

The world is beyond our noses, people are dying to get the lifestyle we take for granted.

Climate Change

Pakistan falls in top 10 countries effected by climate change. We can have Plan B but we don't have Planet B.

Lets Revamp Pakistan then the World!

ABOUT FOUNDATION

Hammad Foundation was established on 29th December 2015 with the main aim to rule out poverty from Pakistan but soon we realized poverty was not the prime issue before Pakistan's prosperity. Instead we as a nation lack the qualities of consciousness.

Revolutionary transformation requires a soft image and character building of the whole nation which can't be enrolled in a generation in few days and takes decades. This led Hammad Foundation to rethink our strategy and manifesto which was then changed to

**TRANSFORMING
PAKISTAN BY
2050**

OUR PROJECTS

Roti Banks

Water Plants

Water Dam

Women Rozgar Center

Heroics School

Rozgar Project

Medical Complex

Quetta Skill Center

Legal Aid

Ramzan Bachat Camp

VISION & MISSION

TRANSFORMING PAKISTAN BY 2050

It seems difficult but not impossible. Everyone pin points the issues Pakistan has but no one talks about the solution. Hammad Foundation 9 years of service is the prime example of how you can stay positive and act accordingly in a difficult situation. Thus creating strong nations in challenging times.

FROM POVERTY TO PROSPERITY

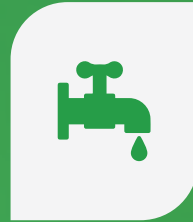

Hammad Foundation throughout its 9 years have brought many people life back on track. A few stories include an unemployed person barely has food to eat is a successful entrepreneur now after enrolling in our Rozgar Project. We believe a giving hand is better than a receiving one.

DATA & STATISTICS

MEDICAL COMPLEX

7.2 million spent on the treatment of
15000+ patients

17 WATER PLANTS

Facilitate 8000+
People Daily

FREE LEGAL AID

0.6 Million Spent On
Legal Consultation & Lawyers For
15 Deserving Families.

QUETTA SKILL CENTER

1.3 Million Spent On
350+ Students Skills Training

OUR PROJECTS

ROTI BANK

Roti Banks are providing only 10 Rs Roti in Karachi to white-collar people. The market price of the same Roti is 25 Rs. Per family saves about 12-15 thousand rupees per month from our Roti Bank. Saved money could be used on their Children, Parents, Medicine, and utility bills. Roti Bank monthly Capacity is 100,000+ Roti.

WATER PLANTS

Hammad Foundation has installed 17 Water Plants in Pakistan including Tharparkar Sindh and remote villages of Balochistan. Before people including pregnant women, elderly men, and children use to travel 8-10 km to fetch water irrespective of climate, national holiday, scorching heat, etc. 8000+ people are daily facilitated through clean sweet water.

OUR PROJECTS

WATER DAM

Pakistan is facing a serious water crisis and Soon we may run out of water. Following this development, the Hammad Foundation made a Dam in Jatta Ismail Khel Karak KPK with a storage capacity of 94 Lac Gallons which is equal to 50 Crore Liters of Water. Thus, resolving the water issue of 25-30 thousand people living nearby for 2 years. The dam also has a tunnel in case water exceeds the storage. Excessive water will be directed towards farms of local people.

WOMEN ROZGAR CENTER

It's impossible for a white-collar housewife to survive within her husband's salary due to hyperinflation. Women Rozgar Center empowers women to be financially independent after completing their FREE COURSES and earn extra income to combat the growing prices in the economy the priority should be to raise their children.

OUR PROJECTS

HEROICS SCHOOL

Heroics School is one of the most impactful projects HF has done in 9 years. This school provides Free quality education to under-privileged Madarsa students of Khuzdar Balochistan who never went to school in their life nor they had any school in their area. Students are mostly orphans and lost their loved ones in terrorist attacks. Heroics School's aim is to produce heroes for 'Transforming Pakistan by 2050'.

MEDICAL COMPLEX

Free Ultrasound Facility & Free Eye checkup + opticals facility. Also Hammad Foundation Medical Complex provides medical assistance to white collar people in just 50 Rs for OPD and medicines instead of 1000-1500 for their general checkup and treatment. Charging 50 rs concept is just to promote buying culture instead of begging in Pakistan.

OUR PROJECTS

QUETTA SKILL CENTER

State of the art Quetta Skill Center where free English Language and other IT Computer courses are offered to white collar students of Quetta Balochistan who never had this opportunity before. 5000+ students yearly capacity

LEGAL AID

Pakistan's judicial system lies in last numbers in terms of providing justice to people. Hammad Foundation provides free lawyers and free law consultancy to white collar people who can't afford a lawyer and are completely helpless against mafias.

ROZGAR PROJECT

It's better to teach a man how to catch a fish rather than feeding him once. Till now 70+ people have been provided with different Rozgar setups to earn more than par income according to their experience and skills. They aren't 70 people these are 70 white - collar families who are out of poverty and acting as a giving hand now which-matches our mission statement From Poverty To Prosperity'.

RAMZAN BACHAT CAMP

10 Rs kg each fresh fruit and fresh vegetables along with 05 Rs roti and 50Rs chicken packet for white collar people in Ramzan as Hammad Foundation strongly believe in respecting people self respect. Thus promoting buying culture and preventing begging culture.

SPECIAL PROJECTS

1 MILLION PLANTS

Hammad Foundation is on a mission to plant 1 million trees to prevent Pakistan from the aftermaths of Climate Change. Join hands with HF through volunteering or donating plants as we can have plan B but we don't have planet B.

PALESTINE AID

Hammad Foundation also worked in Gaza Palestine in 2020 2023 & 2024 respectively after war broke out. We provided aid to war victims in the form of Food, Medicine, Clothes, Blankets and Money Cash etc.

EARTHQUAKE AID

EArthquake in Syria was also an integral part of our work portfolio where we set up live kitchen to provide food to earthquake victims on daily basis and also aid in Afghanistan after a horrifying earthquake hit the region.
